RETURN RECEIPT REQUESTED

ED HARRIS
466 W 400 N
DELTA UT 84624

Dear Mr. Harris:

On October 17, 1997, BLM personnel discovered a surface trespass in an old quarry located in T. 14 S., R. 14 W., Section 25. Within the previous two to three months, a track-hoe had traveled up the road to the quarry, and excavated a considerable amount of material. Upon further research it was discovered that you and Gary Harris had located a claim at the site on July 2, 1997.

The 43 CFR 3809 regulations, which have been in effect since 1981, require that a claimant or operator notify the BLM before conducting any activity using heavy equipment. An amendment to these regulations (copy enclosed) became effective on March 31, 1997, which requires that a financial guarantee be in place before such activity commences.

Please complete the enclosed Notice form and the Reclamation Cost Estimation Summary Sheet, and submit them to a Third-Party Engineer licensed in the State of Utah, so that he/she may review and stamp the Review form. Then fill out the Certification for Financial Guarantee form, and submit all of the documents to this office within 15 days from receipt of this letter.

All of the forms enclosed with this letter are sample formats, and not mandatory. You may use alternative forms, as long as all the required information is included on them.

Failure to submit the required information within the allotted time-frame will result in the issuance on a Notice of Noncompliance, and may result in criminal prosecution. If you have any questions, please contact Ron Teseneer at (435)743-3126.

Sincerely,

Rex Rowley
Area Manager
